and Human Services

**Metro®** is the worldwide leader in storage and productivity solutions. Metro is a manufacturer and supplier of storage, transport and workstation solutions. With a diverse global supply chain, Metro maintains a significant manufacturing and distribution presence in North America.

**Our Mission**

Metro's mission is to make the world more organized and efficient. We do this by providing the world's most imaginative space and productivity solutions.

**Core Competencies**

Metro is a trusted supplier for over 90 years, evidenced from the invention of the original Metro wire shelf, which remains an industry standard today, to an expanded portfolio that now includes innovative healthcare systems such as MetroMax® polymer shelving, Starsys® modular storage and transport systems, Lifeline® emergency carts, Flexline® medical carts, and Lionville® medication carts. Metro's complete offering covers storage, carts, and workstations, all of various applications, to help customers be more organized and efficient.

**Differentiators**

- Products available through various contract options
- Offer products meeting BAA, USMCA, or TAA requirements
- Healthcare focus and innovation
- Design product from concept through manufacture
- Large offering for bundled one source purchasing
- Wide material selection to meet various project needs
- Projects supported with Metro or dealer representatives
- Space audits available to develop needs assessment
- Space planning and room drawings
- 3D product and application visualization
- Microban® antimicrobial protection available on select products
