*Unique EZ-ADD shelf fits  
between the posts and rests  
on EZ-ADD Clips.*

**EZ-ADD  
SHELF  
CLIP**

*EZ-ADD shelf clip is  
compatible with 1"  
(25mm) Metro posts.*

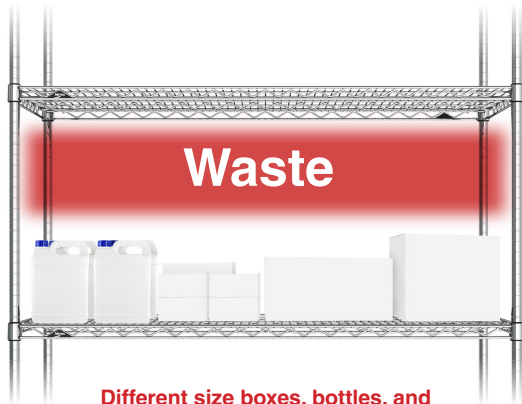

*Holds up to 400 lbs. (181kg) per shelf (evenly distributed).*

# Turn waste into space.

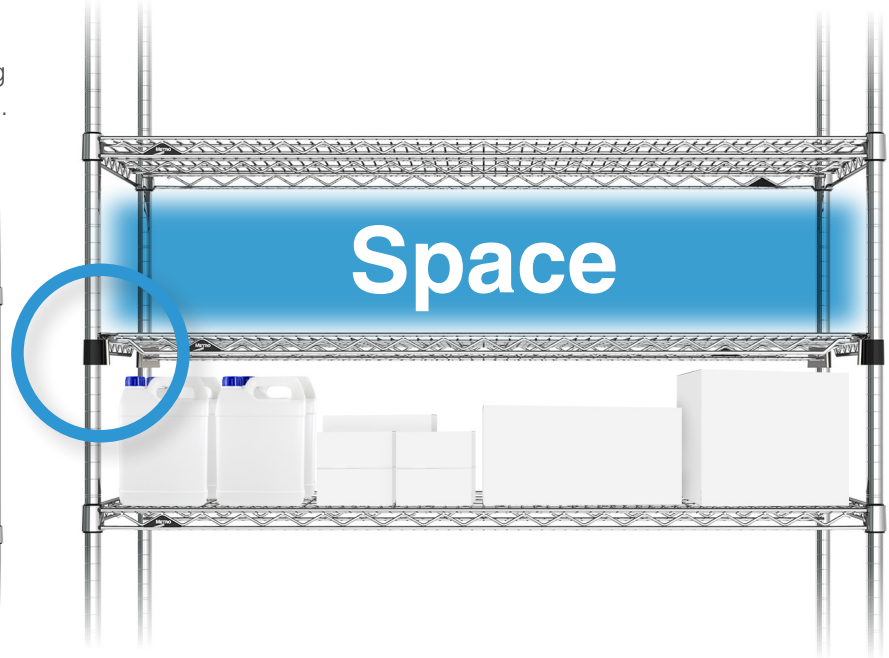

## How it works.

Identify wasted space within your shelving unit and snap-on shelf clips to each post...

Then simply insert an EZ-ADD shelf onto the clips and...presto.

Different size boxes, bottles, and unstackable supplies leave wasted space.

## Improve access, slant your EZ-ADD.

### Easy access.

Easily see and access items by slanting EZ-ADD shelves.

## Maximize space, specify EZ-ADD on every new unit.

### Because you never know.

Bins, boxes, procedure supply sizes vary, so be prepared to adjust accordingly and reposition shelves easily without tools.

We put space to work.
