

MetroMax® i — SPD Shelving

Maximize space & efficiency in the SPD.

MetroMax® i — SPD Preconfigured Shelving Units

Choose from 9-tier models with casters & 5-tier models for roll-under equipment storage.

- Mobile all-polymer shelving models with adjustable shelves, open frames, and adaptable dividers maximize your available storage space and protect valuable sterile packs.
- The tightly spaced shelves eliminate stacking, and the smooth polymer surfaces protect delicate packaged items.
- Unique configurations with open frames create parking spaces for equipment and transform unused overhead space into storage space.
- Dividers can be repositioned to adapt to the pack size and put the entire shelf space to use.
- Microban antimicrobial product protection works continuously to keep the product cleaner between routine cleanings.

- Microban® antimicrobial product protection helps keep shelves “cleaner between cleanings” by inhibiting the growth of mold, mildew, fungus, and bacteria that cause odors and stains on the shelf surface.
- Advanced polymer finishes provide corrosion resistance.
- Smooth rounded corners to allow for easier cleaning.

PROTECTION THAT LIVES ON
MICROBAN

9-shelf models

Feature a solid bottom shelf, (8) open grid shelves, and 5" polymer swivel casters, two with brakes. Approximate height is 80" (2032mm).

Nominal Size (WxL)		9-Shelf Model	Approx. Pkd Wt.		Extra Grid Shelf
Inches	mm		(Lbs)	(kg)	Cat. No
24x36	610x914	MX-243680H-MP-9	156	71	MX2436G
24x42	610x1066	MX-244280H-MP-9	175	79	MX2442G
24x48	610x1219	MX-244880H-MP-9	191	86	MX2448G
