

CaseVue™ Lab Carts

One look and the advantage is clear.

- All components including handles, casters, body, doors, interior are type 304 stainless steel for superior corrosion protection.

CaseVue™ Lab Carts

The most durable, ergonomic and efficient family of lab carts ever delivered.

Built for easy transport, Metro CaseVue™ is stronger, lighter, and the most ergonomic choice available. Robust multi-handle design and 5th wheel steering allows technicians, of any stature, to easily maneuver supplies on or off-site. Well-appointed to support the sterile transport process with features like, clear-view doors, quick-view status indicators and swing up transport handle. So, get a better perspective on your sterile workflow with Metro CaseVue.

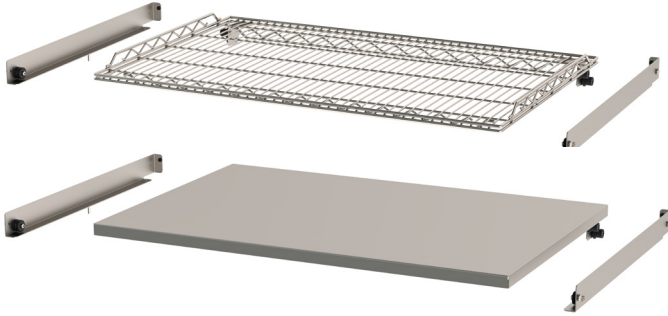

16 Different cart sizes and configurations available.
Patent Pending.

Process efficiency.

Better access.

Shelves pullout further than any other providing better access to lift and retrieve items.

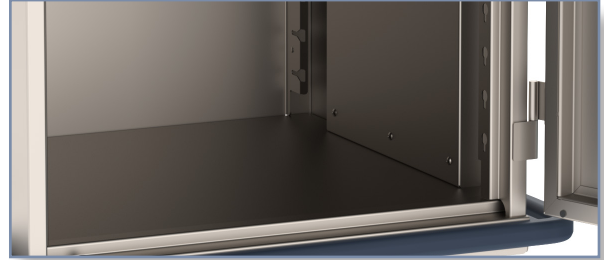

Includes

- Shelf Stop to prevent overextension.
- Shelf Stay to prevent extension during cart wash.

**Choose from stainless steel solid or open wire.*

Fluid Retaining Floor.

- Floor to side/back wall is sealed with silicone.
- Floor has raised front/ships edge to retain spills.
- Floor tilting action of cart washer will overcome raised edge to facilitate draining after cart wash.
- Weep holes ensure water evacuates.

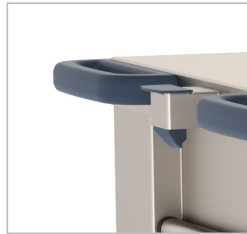

Reduce noise.

Metro CaseVue is designed specifically to be the quietest cart in motion.

Touch with confidence.

Cool touch handles: Eliminate the need for protective cloth to remove cart from cart wash. Antimicrobial for confidence anytime.

Ergonomics.

Struggle-free transport.

Optional 5th wheel steering assist assures maximum control in transit. Never again struggle to gain control while a heavy cart drifts in transport.

More maneuverable.

Add the industry's only swing up handle to provide adjustable height, added clearance for towing, and more leverage for steering.
