

Which cart should I choose?

Treatment carts are supply intensive, subsequently, good organization is essential in and on the cart. Features to look for in a treatment cart are complete access to supplies, small footprint for maneuverability around a bedside or exam table, and ample workspace for prep work.

GOOD

Basix Plus
No. **MBP1210GEN**

**Traditional design
& construction.**

CLEANER BY DESIGN™

- Microban® antimicrobial protection helps to keep products "cleaner between cleanings."
- Advanced polymer and other proprietary finishes provide corrosion resistance.
- Smooth, rounded corners to allow for easier cleaning.

*Microban protection is not designed to protect users against disease causing microorganisms.
